### Internship Experience

-Addie Klotz Student Health Center - CA State University at Northridge.

January 2016 – December 2016.

- Supervising Clinician - Robert Patterson D.C.
- Senior Intern – August 2016 – Present
- The Addie Klotz Health Center is a multi-disciplinary health center focused on highest levels of care for students and faculty to receive at minimal expense. The chiropractic practice utilizes the Diversified Chiropractic technique for treatment, performs physicals and complete patient exams, and co-manage the patients with other departments.

-Gelco Spine and Sport - Lancaster, CA.

June 2016 – December 2016.

- Supervising Clinician - Craig Gelfound D.C.
- Gelco Spine and Sport is a multi-disciplinary office focused on chiropractic care and acupuncture. While the Supervising Clinician is a Sports Medicine Diplomate, the office focuses on every type of patient, using a Diversified Technique, Soft Tissue, and Rehabilitation to help the patient.

-Venice Family Clinic - Venice, CA.

April 2016 – December 2016.

- Supervising Clinician – Ted Papenhagen D.C.
- Venice Family Clinic is based on care for the economically underserved. Many of the patients have no income or insurance but still need care and can receive it at this location. This clinic has the interns perform full histories and physical exams and then perform treatment at the intern's discretion since few tools are available, but typically included soft tissue treatment and diversified adjusting.

-Dewald Chiropractic - Palmdale, CA.

January 2016 - May 2016.

- Supervising Clinician – Thomas Dewald D.C.

- Dewald Chiropractic utilizes many soft tissue modalities, diversified adjusting, and some rehabilitative exercises. It is a high volume practice and the interns are responsible for performing histories, physical exams, and adjustments.

-Whittier Health Center - Southern CA University of Health Sciences, Whittier, CA.  
August 2015 - December 2015.

- Supervising Clinician – Kevin Glenn D.C.
- Whittier Health Center is associated with the chiropractic college and is a multidisciplinary practice in that it offers acupuncture as well as chiropractic care and the subspecialties involved, such as Sports Medicine, Radiology, and Spine Care. The intern's responsibilities included performing histories, examinations, treatment of the patient and diversified adjusting.
